

design meets function

Stylish solutions for outdoor dining

About us

We have been manufacturing in Germany for over a century – out of conviction.

Our production site is at the heart of WACA: this is where we create products that combine quality, functionality and responsibility.

Fully in-house production enables maximum control, high flexibility and a clear commitment to quality and sustainability.

For the WACA brand, 'Made in Germany' creates authenticity, credibility and strong differentiation in the market.

A clear promise – both internally and externally.

Windproof ashtray

Our windproof ashtray impresses with both its well-thought-out design and its pleasant feel. The sturdy, non-slip shape sits comfortably in the hand and ensures safe and comfortable use – ideal for restaurants, gardens, patios or when camping.

The snug-fitting, removable lid provides reliable protection against the wind; ash and cigarette butts remain securely inside the ashtray. The lid can be removed quickly and easily for emptying and cleaning. The clean lines and functional design make the ashtray a practical everyday companion. It is stackable, easy to clean and designed for daily use.

Handy cigarette holders

The handy storage compartments provide added convenience and keep items secure.

Easy to clean thanks to the removable lid

Thanks to the removable lid, the ashtray can be cleaned quickly and easily.

Ideal for advertising and branding

You can have the Windaschen cup custom-printed to your specifications from as little as 250 pieces.

Coffee house tray

Our classic coffee house tray boasts a timeless design and impressive functionality. It combines practicality with long-lasting quality. Available in three sizes (small, medium, large) and in the classic colours red, white and black, the tray fits seamlessly into any catering concept. Thanks to its textured, non-slip surface, drinks, glasses and food can be transported safely and served in style.

The coffee house tray impresses with its robustness and durability. It retains its shape, is sturdy and withstands the demands of everyday catering use.
